Implementation Guidelines

REWARDS is a research-validated, specialized reading program from intermediate and secondary students. It is designed as a six-week intensive course with twenty-five 50-60 minute daily lessons.

Service Packages

Various packages are available to provide initial training and ongoing support.

Launch Training

REWARDS launch training prepares teachers to successfully begin the implementation.

- 1-day face-to-face training (6 instructional hours); up to 40 participants per class
- Several training configurations available to meet district needs.

Ongoing Support

A menu of services is available for districts to choose from, such as lesson modeling, data entry and analysis, implementation planning, and support with differentiation.
