

# ClearSight Reports Immediately Capture Progression Toward Grade-Level Standards

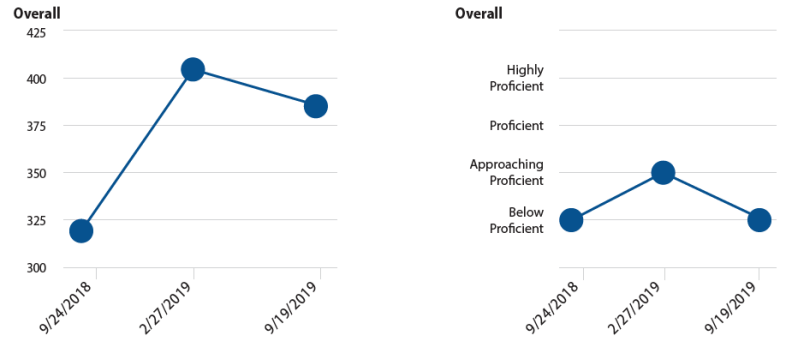

## ClearSight gives you data you can trust.

You decide who needs help and how to tailor instruction accordingly. Valid, actionable data that comes from using standards-aligned items gives teachers meaningful insights about instructional needs.

ClearSight reports let educators interact with on-screen views of performance information for their class(es) or one student at a time.

**ClearSight Interim Assessment** longitudinal reports help track student growth across related assessments or across multiple test opportunities of a single assessment. Teachers can see how performance improved for students across grades or within a grade. These reports are available immediately after the second related test is completed.

## ClearSight Reporting

OVERALL				
Date	Test Label	Test Reason	My Student's Score	My Students Performance
9/24/2018	Interim: ELA Grade 6	Fall	320	Below Proficient
2/27/2019	Interim: ELA Grade 6	Winter	405	Approaching Proficient
9/19/2019	Interim: ELA Grade 7	Fall	386	Below Proficient
