🕼 Create an Avatar. You can create a custom avatar to represent yourself. You can express your personality and creativity! Your classmates and teacher can identify you online by the avatar you have created. By completing each unit, you unlock new items to customize your avatar.

1. Click on your name at the top of the screen and select Edit Avatar.

2. Click on the first square, "Body," to select male or female. Click the other squares to personalize your clothes, shoes, hair, and other features.

3. When you're finished, select **Save** and then click **Save Outfit**. Click **Home** at the top of the screen to return to your home page.

From your profile, select **Achievements** to see the badges you've earned and the ones that remain for you to complete. As you work and collaborate, you'll earn points and reach achievements.

Sight Words

When you click **Play Sight Words** (green button) from your Home Page, you can play a fun word game in which you repair and build robots by connecting words to the sounds they make.

Leaderboards

From the **Class** button, you can select **Leaderboards** to see how you rate among your classmates in points and achievements.
