

UPDATED!

Voyager PASSPORT

READING SUCCESS STARTS HERE

Voyager Passport® is a research- and evidence-based reading intervention for K-5 students that targets the priority skills and strategies learners need to be fluent, on-level readers.

Designed to deliver systematic and explicit instruction in small groups, **Voyager Passport** can be wrapped around any core reading curriculum to accelerate literacy growth and get struggling students on track.

Comprehensive, teacher-led approach with tools to differentiate and individualize instruction

- Easy-to-use materials that help support teachers in providing direct instruction in all essential reading components—phonology, phonemic awareness, phonics, vocabulary, fluency, and comprehension—as well as language development and writing
- Additional, supplemental resources that provide up to 20 minutes of reteach and practice daily
- Built-in formative assessments allow teachers to individualize instruction and ensure each student receives the appropriate level of intervention

Relevant, adventure-themed units that engage students

Voyager Passport keeps students interested while building background knowledge with passages related to:

- Science
- The arts
- Social studies
- Social-emotional learning

Voyager Passport meets the Every Student Succeeds Act's "strong" evidence criteria for demonstrating the highest level of statistically significant positive effect on student outcomes.

What's New in

Already have *Voyager Passport*? That's great! Both versions:

- Provide direct, explicit, systematic instruction in the five essential components of reading (phonemic awareness, phonics, vocabulary, fluency, and comprehension)
- Are easy to use with flexible implementation options
- Are built on a foundation of research specific to how students learn to read
- Accelerate student achievement by targeting the priority skills and strategies learners need
- Support diverse learners, including English language learners
- Connect to science and social studies

Here's why you should upgrade. The new *Voyager Passport* has:

- More guidance about using assessment data to differentiate instruction
- The addition of phonological awareness, writing, and language and grammar
- More vocabulary and word-study instruction
- Alignment to current state standards
- Improved technology for differentiation, practice, and classroom management
- Embedded reteach at point of use based on assessment data
- Call-out boxes within lessons to support teachers in the science of reading
- Increased questioning and student response opportunities
- Optional writing projects
