## Getting Started in Ticket to Read® Reading Component
VOYAGER TICKET to READ™

Navigate the Reading Component

The Ticket to Read program takes students through progressive sections: First Read, Words to Know, Think About, Maze, and Quiz. A student completes the Practice section only if they do not reach the First Read wpm goal. The navigation bar is highlighted to indicate the section the student is in.
1. In the **First Read**, students read the passage cold after clicking on Start. Text can be highlighted with the mouse. Students click Stop when finished.
2. In **Words to Know**, students click on word card tabs to learn about a targeted vocabulary word. Students earn 10 tickets per word card read.
3. **Think About** presents information on an essential comprehension skill or strategy.

4. Students in Level 3 or above complete **Maze**. They choose the correct words from lists to complete sentences in a story.
5. For the **Quiz**, students select the answer and click Check Answer. Following the Quiz, they get two opportunities to correct all incorrect answers. Each correct answer is worth tickets.
Practice (Optional)

High Frequency Word (HFW) Activity—If a student doesn't meet the First Read wpm goal, they complete this before taking the Quiz by listening to a word list and then choosing words as the narrator reads them before time expires.

Untimed and Timed Read—After the HFW Activity, a student practices reading without being timed and then completes a timed reading of the passage. If they reach the wpm goal, they go to the Quiz.
Read Along—Students read the passage with the narrator when they don't meet the wpm goal after the Timed Read or one attempt to correct all Quiz answers without making an 80% or better.
