

# CONNECTING LETRS TO THE CLASSROOM

A supplemental online course to *LETRS*

**Reinforce and deepen teachers' knowledge of effective reading instruction with this online course, designed with improved classroom teaching in mind.**

According to proven research, educators need multilayered support to transfer understanding of a topic to the classroom and ensure sustained improvement in student learning.

## How Does *Connecting LETRS to the Classroom* Help Teachers Succeed?

This series of 15 one-hour online sessions builds on and reinforces the knowledge acquired in *LETRS*, and allows teachers to:

- Work at their own pace with time for reflection, practice, and to collaborate with colleagues
- View modeling of research-proven teacher practices and routines that support effective instruction
- Apply and learn while using student work from their own classrooms
- Gain confidence in their ability and knowledge as they progress

## Connecting *LETRS to the Classroom* includes 40 activities in:

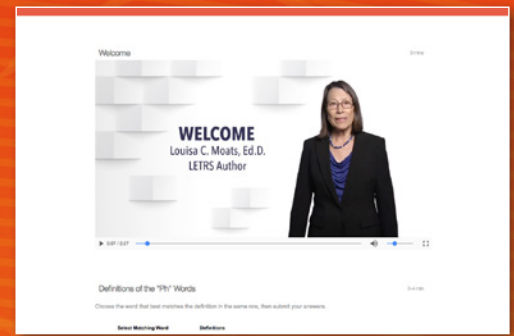

- ▶ Phoneme awareness
- ▶ Fluency
- ▶ Phonics
- ▶ Vocabulary and Text Comprehension

This in-depth coverage helps teachers expand their understanding of the topics presented in earlier *LETRS* modules.
