# Quick Reference for Teachers

## Getting Started in *LANGUAGE! Live*

### 3 Navigate the *LANGUAGE! Live* Program

#### Teacher Dashboard (Home)

The Dashboard details your top priorities. From this screen, you can review course progress, feedback reviews, and alerts to monitor student progress and provide feedback.

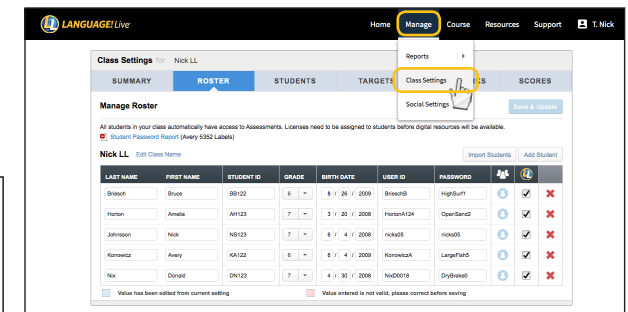

#### Reviews and Alerts

From the **Teacher Dashboard**, you can select **Reviews** or **Alerts** and go directly to the **Reviews** page.

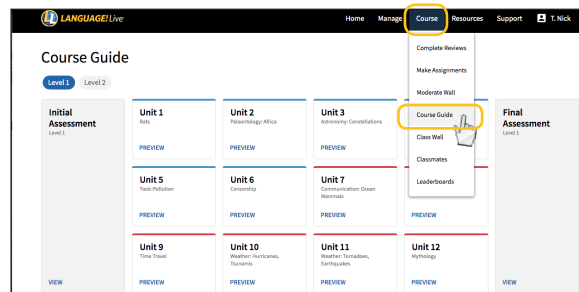

- 1 On this page you will listen to and score the recordings from the Unit Goals for your students.
- 2 You can also review **Alerts** from this page—indicators that a student is struggling with some aspect of the lesson.

#### Class Settings

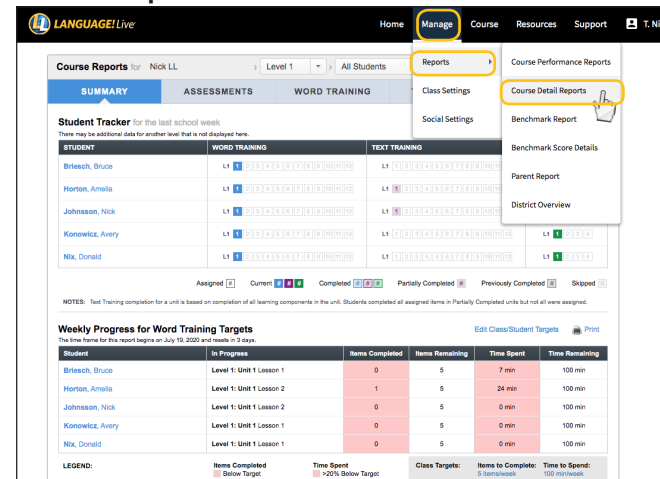

From any page, you can select the **Manage** drop-down menu and select **Class Settings**. Use this screen to add additional students to your roster, adjust a student's course position, change the weekly targets in **Word Training**, and schedule benchmarks. *The screen shown here is the **Roster** page.*

#### Course Guide

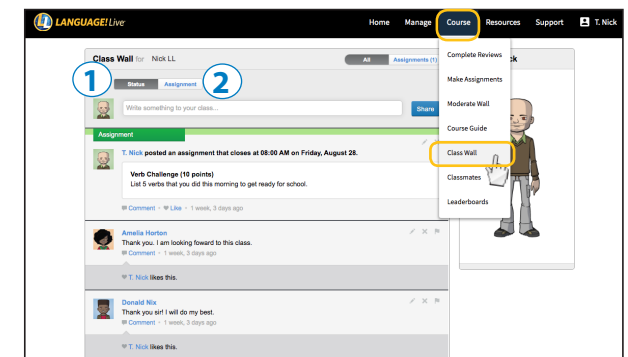

From any page, you can select the **Course** drop-down menu and select **Course Guide**. From this screen, you can preview the **Word Training** and **Text Training** course content. You will see all the lessons, activities, and assessments students will encounter in their learning paths. Select a unit and lesson by clicking **PREVIEW** and then a learning activity by clicking **VIEW** to follow the course unit as a student would.

#### Course Reports

From any page, you can select the **Manage** drop-down menu, select **Reports**, and then choose the type of report from another drop-down menu. From here, you can see a summary of your class data and results by student.

#### Class Wall

From any page, you can select the **Course** drop-down menu and select **Class Wall**. From this screen, you can create a stream of posts to encourage collaboration and discussion.

- 1 Clicking **Status** will list current posts on the stream.
- 2 By clicking the **Assignment** tab, you can add a new assignment or view past assignments you posted.
